Princess Sasha Rescues a Frog: Fun Algebra is not only a fun and engaging fable, it is also the most effective book for teaching 4- to 8-year-old children basic Algebra. Four- to eight-year-old children become focused on completing the trick because they want to make their parents and grandparents proud of them by performing this trick, which adults and big kids would do to figure out how many tadpoles are hiding behind the X plant. Children love the plot in Princess...
