Square Fish, 2016. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Chase has been reunited with his younger sister, Lilli. He doesn't remember his past, but Lilli does--she remembers their parents, and life before their planet was destroyed. Chase and Lilli are different. Chase can phase --pass through objects, and Lilli can transport --send a copy of herself to other locations, even other planets. There are only two people who may have the key to their abilities, and their purposes: Captain Lennard, who is harboring Chase and Lilli (and Chase's friend, Parker) on his spaceship, and Asa Kaplan, who may be responsible for an interplanetary takeover meant to push Lennard out of power. Chase, Parker, Lilli, android Mina, and the soldier Maurus are fighting for their lives, the lives of Lennard and his crew, and for the truth about what Asa has in store for the universe. The Stolen Moon, the thrilling sequel to Lost Planet by Rachel Searles, is an exciting science fiction adventure perfect for Star Wars fans. Searles' action- and intrigue-packed sci-fi thriller is peopled with characters who are sometimes confused, sometimes heroic and sometimes brats--that is to say, always genuine. . . . Star Trek for young fans of the genre, who'll be thrilled at the prospect of a sequel. -Kirkus Reviews, starred review.
