A Study of Mathematical Education Including the Teaching of Arithmetic (Classic Reprint)

By Benchara Branford

Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from A Study of Mathematical Education Including the Teaching of Arithmetic This study is based upon twenty years experience of school and college education ranging through all grades, including the very elements of counting and form in the kindergarten, the mathematics appropriate to the school, and the standard required of students for an Honours Degree in our universities. Conclusions based on class-teaching and those arrived at by experiment and by a private study of the individual have served both to correct and to supplement each other. The substance of the present volume has also formed the introductory part of a course of lectures on the teaching of mathematics, which, for many years, I have given in various institutions to classes of teachers from almost all types and grades of schools, elementary as well as secondary and tertiary. I may perhaps be permitted here to acknowledge the benefit derived from the sympathetic criticism and cooperation of these teachers, in particular Mr. Hodgson, lately of Bingley Grammar School, and Mr. Walker, of Sunderland, the blind teacher of blind...
