Xulon Press, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Author, a scientist and the author of books such as Science and Religion (2000), Modern Interpretation of the Bible (2005) and The Rationality of Christian Doctrines (2009), has developed eternal-now theology by unifying science with theology in order to introduce Christian faith as a guide for reading and understanding the Bible, and living a life in full and freedom. The Book tells you who and what is God; how to develop a logical mode of the Christian God---the Trinity; what is the authority of the Bible, is the Bible errorless; was there an ancestor of Adam; what is the major debate of evolutionism vs. creationism; why do bad things happen in the world; how can God be all-powerful and all loving and yet there are sufferings in the world; who is Jesus Nazareth; why should Jesus die; was resurrection of Jesus true; how to formulate logically Jesus God-Man unity in nature; will all players be answered; is there a life after death; what does heaven or hell look like; when will a Christian be in the heaven; what kind of a body will be in the heaven, and many other questions about Christian believes. Therefore, it offers a new mental picture of God, a modern apologetics and hermeneutics, a new mental picture of God, a new definition of humanity, an up-dated worldview and correct idea of afterlife in order to defend rationally our Christian faith, to interpret intellectually the Bible, and to reformulate logically of Christian doctrines for modern people who are living on the 21st century. Eternal-now theology would play an important role in accommodating the argument of the Christian doctrines in all Christian dominations and the controversy among Protestant theologies in the...
