REACT AND REACT NATIVE (PAPERBACK)

Packt Publishing Limited, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Use React and React Native to build applications for desktop browsers, mobile browsers, and even as native mobile apps About This Book * Build React and React Native applications using familiar component concepts * Dive deep into each platform, from routing in React to creating native mobile applications that can run offline * Use Facebook s Relay, React and GraphQL technologies, to create a unified architecture that powers both web and native applications Who This Book Is For This book is written for any JavaScript developer-beginner or expert-who wants to start learning how to put both of Facebook s UI libraries to work. No knowledge of React is needed, though a working knowledge of ES2015 will help you follow along better. What You Will Learn * Craft reusable React components * Control navigation using the React Router to help keep your UI in sync with URLs * Build isomorphic web applications using Node.js * Use the Flexbox layout model to create responsive mobile designs * Leverage the native APIs of Android and iOS to build engaging applications with React Native * Respond to gestures in a way that s intuitive for the user * Use Relay to build a unified data architecture for your React UIs In Detail React and React Native allow you to build cross-platform desktop and mobile applications using Facebook s innovative UI libraries. Combined with the Flux data architecture and Relay, you can now create powerful and feature-complete applications from just one code base! This book is split into three parts. The first part shows you how to start crafting composable UIs using React, from rendering with JSX and creating reusable components through to routing and creating...
