THE COST OF EXCLUDING FINANCE FROM LITERACY IN STATE STANDARDS: WHO SUFFERS?

Createspace, United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.In 2009, what was the single most important goal of implementing Common Core State Standards (CCSS) in K-12 education? To ensure students receive the preparation they need to be successful in the real world. This short body of work evaluates the Common Core State Standards in context with the high school student s transition from the classroom into the real world. The challenge amid this conversation will be for parents, teachers, students, mentors, community leaders/partners and policy makers, to find a collective way to take action to ensure that Personal Finance is among those mandatory subjects used for real world preparation (in every high school across the nation).
