First published in 1963, the International Film Guide enjoys an unrivaled reputation as the industry s most authoritative and trusted resource on contemporary world cinema. With the Berlin Film Festival celebrating its sixtieth anniversary, the guide reviews the success and widespread influence of the festival on international filmmaking; and with the monumental popularity of James Cameron s Avatar (2009), as well as the captivating innovations of Pixar, the volume examines 3D films in depth. The guide looks back at the history of 3D cinema and considers recent favorites, such as Pixar s Oscar-nominated Up (2009), against future film possibilities.
